# BUILD-TO-SUIT OPPORTUNITIES

## MAKE SOUTH SHORE PARK YOUR BUSINESS HOME!

For generations, the A.W. Perry team has managed all aspects of commercial development projects for companies, including office, medical office, lab, industrial, retail, and most recently a luxury automobile dealership, ranging in size from 5,000 square feet to over 400,000 square feet. We've guided many projects through design, permitting, financing and construction, and have attracted major employers to high quality facilities on Boston's South Shore.

With multiple development sites available in South Shore Park, conveniently located just off Rt. 3 in Hingham (Rt. 3, Exit 36) and Rockland (Rt. 3, Exit 35) and surrounded by popular amenities, we are actively pursuing build-to-suit opportunities and look forward to partnering to develop a building for your company.

# A letter from Peter

For over 120 years, the South Shore Chamber has been a leading voice on critical projects that have shaped and strengthened the business climate in our region. There is no doubt the last two years have been a challenge for all of us. The good news is that our Chamber is starting to see something exciting – economic regeneration! Members are starting new ventures, new careers, shifting business models, or trying new ideas in their businesses – all with early positive results.

We are also seeing that relationships have never been more important – relationships with your customers, associates, Chamber members, and with people you have yet to meet.

We want to help you make these meaningful connections by providing better value through our new membership investment model and by introducing new products and programs like this new Directory & Community Guide.

Thank you for your investment in the South Shore Chamber.

When you succeed, we succeed.

Sincerely,

A handwritten signature in blue ink that reads "Peter Forman".

Peter Forman  
President & CEO

P.S. The Chamber is proud to be part of the region's success story. And we want to make sure we are part of your success story as well. Please reach out to let us know how we can help.

# About the Chamber

The South Shore Chamber is a fierce advocate for businesses across the 25 communities of the South Shore and a partner in each community's bright future. We are the region's largest business associations and the third largest chamber in the state.

# South Shore 2030

## **What is it?**

South Shore 2030 is an exciting roadmap for current and future businesses to thrive. It builds on the idea that businesses do well in, and new businesses locate to, communities where there is a healthy supply of talent because they have interesting, diverse, and attractive places to live and work.

## **Who leads this effort?**

The South Shore Chamber, the region's largest business association is driving the South Shore 2030 Plan in partnership with its subsidiary, the South Shore Economic Development Corporation. Both work in tandem to support our mission: to advocate for a vibrant business climate and help our communities thrive.

## **How is it being implemented?**

The plan is being implemented in strategic initiative phases and through private and public partnerships, collaboration and cooperation. Housing, Transportation, and Infrastructure play a critical role - greater housing options, solving transportation issues and creating capacity to grow will keep our businesses strong and attract new ones to our communities.

## **How is it being funded?**

The South Shore 2030 Plan has been funded by a handful of private sector investors. It cannot sustain momentum and future accomplishments without greater financial support from businesses, organizations, and municipalities.

## **Why should I care about the South Shore's economic development?**

Economic development is the power that keeps our communities moving forward, and strong, for future generations. Without it, there is stagnation and decline. Economic development builds the region's tax base, securing and improving our quality of life on the South Shore. That tax base only grows when the environment incentivizes businesses to build here and encourages people to live here. Roads, police and fire departments, open space and parks, art and music, some of the country's top schools, and world-class hospitals and healthcare need the base to grow and thrive.

# Hello! South Shore

## **You'll be surprised by all you haven't seen.**

*Hello! South Shore* project is an initiative of the South Shore Chamber. It was made possible through a regional pilot grant program from the Commonwealth of Massachusetts in the summer of 2021. The project drove community members to frequent local businesses and support the local economy as we worked our way out of the COVID-19 pandemic.

*Hello! South Shore's* goal was to encourage residents to rediscover all that the South Shore has to offer, "tooting our own horn", and shining a light on this beautiful, vibrant place we get to call home. Exploring our South Shore communities and supporting our local businesses and encouraging our residents (and visitors) to stay, play, and spend locally.

*Hello! South Shore* lays the foundation for future placemaking, the cultural economy and local tourism – making the much-needed connection to economic development.

The marketing campaign and website showcase the South Shore's offerings in history, art, food, beverage, music and open space. We invite you to continue to use this platform to promote all the South Shore has to offer to its residents, its business community, and visitors to the region.

**Visit [HelloSouthShore.com](https://HelloSouthShore.com)**

# EAT South Shore

EAT South Shore recognizes the need for a focus on the region's culinary industry. There is no need to travel into Boston for an excellent dining experience.

We understand exposure and marketing are vital to the industry as a whole. We provide a platform for showcasing all there is to offer in the region. Partnering with the South Shore Chamber, we believe this is the right time to launch EAT South Shore as it aligns with the Chamber's South Shore 2030 initiative. By giving local restaurants a unique opportunity to showcase food and the culinary scene in the area, we help support the industry as a vital part of the region's overall lifestyle and growth.

Our goal is to promote the existing culinary scene, provide a support system for both established and new restaurant owners, and to encourage the entrepreneurship spirit of the industry.

The South Shore Magazine in publication since 2000 has been the regions premiere source of profiling the businesses and organizations that make up the fabric of the areas business community. Our four color glossy life-style publication utilizes direct mail distribution quarterly to 14 communities primarily along the coast; targeting 15,000 of the areas highest tax assessed valued homes. This targeted distribution assures our clients and advertisers that they are reaching an affluent demographic that are interested in the high quality and superiority of their products and services that their company and organization has to offer. In addition to the print version, we offer as a value added a digital edition of South Shore Magazine which has an average of over 15,000 readers.

## ADULT FAMILY CARE PROGRAM

Do you know a person with disabilities who:

- cherishes independence?
- needs companionship?
- would like to be part of a family?
- is not able to live on his/her own?

This program is a **sensitive** and **economical** alternative for persons **16 years of age or older** who are faced with the prospect of no longer being able to manage alone.

144 MAIN ST. • BROCKTON

"EAT South Shore was huge for us, for exposure and the people we've met. It's been incredible, not only for restaurants and food industry professionals, but for our community."

**Courtney Doyle**, Chef/Owner, Clandestine Kitchen
