About the Chamber

For over 120 years, the South Shore Chamber has been an organization led by and advocating for business across the South Shore region of 25 communities. Our membership is comprised of over 1,100 corporations, small to midsize businesses, non-profits, educational institutions, restaurants, and sole proprietors.

We are an active Chamber -

- 75+ events and professional development programs a year
- 17 volunteer groups
- 6 affiliated local chambers and business councils
- South Shore Young Professionals group
- and 40 Partners that keep our advocacy agenda moving forward.

Our Mission

We are the driving force behind economic growth on the South Shore. No other organization does what we do—or has the same impact. We advocate for a vibrant business climate, provide the resources businesses need to succeed, and strengthen the communities we serve.

Making Connections

In 2024, we brought our community together at more than 75 events—and we're not slowing down. From networking nights to leadership conversations, we continue to do what we do best: connect people and spark opportunities. Our strength lies in listening to our members and staying agile, creating the kinds of events that matter most to you and your business.

Interested in aligning your organization with one of these events or peer groups? [Email Heather](#) to discuss options!
